## Updated January 23, 2022

### **ARTICLE I. PROBATIONARY MEMBERSHIP**

Probationary membership is the entry level for anyone seeking Regular membership in this Association. A Probationary member shall also be known as a "Pilgrim". The purpose of the Probationary membership period is so that a man may demonstrate, by word and deed, an interest in the fur trade era, a desire to abide by the Association code, and a willingness to participate in Association activities. Although many men come to this organization with a great deal of wilderness experience, all must go through this Probationary membership period.

On all applications approved by the Capitaine, the Segundo of that territory must be advised of the details for his records.

#### **A. Privileges of Membership**

So long as his dues remain current, a Pilgrim shall receive the Association newsletter and magazine and he shall be permitted to attend all Association functions. Probationary membership does not include voting privileges, except in Party elections.

#### **B. Suspension of Membership (Amended January 12, 2020)**

Probationary membership is intended to be a temporary membership level, and any Pilgrim failing to meet the requirements for advancement to Regular membership (Bossloper) within two years will be dropped from the Association rolls. To be reinstated as an active member of the AMM, the Pilgrim must resubmit his Probationary application for admittance and must start over on all ten requirements. The two-year Probationary period may be extended only due to unusual extenuating circumstances, beyond the control of the Pilgrim. Extensions must be requested by the sponsor(s) and approved by the Brigade Booshway and Territorial Segundo.

#### **C. Responsibilities of Sponsors**

1. Prospective members shall be deemed by their sponsor(s) to be men who whose character, skills, knowledge, experience, and/or commitment make them worthy of joining the American Mountain Men. Sponsor(s) should invite a man to become a Pilgrim only after spending a sufficient amount of time on the ground with him to determine his qualifications.
2. The task of Pilgrim sponsorship shall be performed entirely by the Pilgrim's nominator(s) (as nomination is described within the By-Laws). The sponsor(s) shall be responsible for the education and behavior of the Pilgrim throughout his probationary period, ensuring that they understand and abide by the Association Code. **(Amended January 24, 2021)**
3. A Bossloper may sponsor no more than one Probationary member at a time. A Hiveranno may sponsor no more than two Probationary members at a time. A Party may sponsor up to 3 Probationary members at a time.
4. In the case of Party sponsorship, decisions regarding the Probationary member (whether to invite, to advance to Bossloper, etc.) shall be determined by a 2/3 majority vote of the Party members.

#### **Sponsorship Guidelines**

1. An applicant may seek sponsorship in his own state or territory from a Party or individual(s), or he may seek sponsorship from a Party or individual(s) in a state or

## **Updated January 23, 2022**

territory where or with whom, he will be an active participant in Party outings. Such Party or individual(s) must be able to provide documentation of the applicant's AMM activities.

2. If he fails to find a sponsor, he may request a Journal Sponsorship from the Brigade Booshway of his state or territory. This must be done in writing and he must explain why conventional sponsorship could not be obtained.
3. The sponsoring Brother commits to working "hands-on" with the Pilgrim until he is satisfied that the new man has a good concept of skills, history, and brotherhood.
4. All advancement paperwork is to be signed by the member's sponsor(s) and the Brigade Booshway of the state or territory in which the man resides. **(Amended 2001)**

### **ARTICLE II. REGULAR MEMBERSHIP**

Regular membership means "full" membership in this Association. A Regular member shall also be known as a "Bossloper".

#### **A. Requirements**

To become a Bossloper, a man must have completed at least one full year as a Probationary member. From the list of Hiveranno requirements (Article III, below), he must complete at least 10 requirements. The selection of which 10 requirements to do are the Pilgrim's choice, except that requirements 1 and 2 are mandatory, and requirement 16 is not applicable for advancement to Bossloper.

#### **B. Privileges of Membership**

A Bossloper shall be provided with a permanent AMM membership number. So long as his dues are current, he shall receive the Association newsletter and magazine, shall be eligible to vote in all elections, and shall be permitted to attend all Association functions. Bosslopers are eligible to run for Party Office.

#### **C. Advancement Procedure**

The Pilgrim shall keep a journal of his AMM activities, and journal entries may be used to document requirements accomplished when they are not present. The Pilgrim must complete the requirements to the satisfaction of his sponsor(s). Once all requirements for advancement are complete, the Pilgrim shall complete a Bossloper application form. This form must be signed by the sponsor(s), thereby attesting that the member has successfully completed all requirements for Bossloper.

These application materials shall be forwarded to the Brigade Booshway, and then to the Territorial Segundo for their signatures. After these approvals are obtained, the Territorial Segundo shall forward the material to the Chief Clerk, who shall record it in the membership records. The Chief Clerk shall issue a card with membership number to the new Bossloper.

This should be done well enough in advance so that necessary adjustments and substitutes may be made.

### **ARTICLE XIII. STANDARDS OF CONDUCT AND AUTHENTICITY AT AMM NATIONAL AND TERRITORIAL RENDEZVOUS**

**A.** The fish and game laws of all States, territories and regions shall be respected at all times. Violations of those laws may be consideration for dismissal.

**B.** No loaded firearms shall be allowed in the camp area and the discharge of any firearm, cannon, or projectile within the camp shall be cause for disciplinary action up to dismissal.

**C.** The gaming or running of horse or mule in the camp shall be considered as an act as dangerous as firing a loaded weapon and the offender(s) shall be treated in the same manner and the same disciplinary action will apply.

It is the individual's responsibility to check his own gear. Each member shall study reasonable sources of authority (journals, trade lists, museum artifacts, period artwork), to determine whether or not items in his outfit meet this criteria. If an item is questionable, it should not be brought along until it can be verified.

1. Eastern styled breeches, leggings and certain "Long hunter gear" (such as coats, moccasins, horse gear, etc.) are acceptable, so long as these outfits are representative of the woodland styles being adapted to the conditions of the western plains and mountains.
2. Acceptable dwellings and shelters shall include: Tipis, Pyramid tents, Lean-to of the appropriate historical period, Marquis tent or Wall tent. These may be of canvas and may be machine sewn. # Standing Rules of the American Mountain Men

### **ARTICLE XV. ELECTION GUIDELINES**

**(Sections A, B, and C added November 17, 2013) (Section B revised April 19, 2020)**

- A.** The *Moccasin Mail* containing a ballot should go out first class mail only. There should be no electronic version distributed reaching only a portion of the membership early. All ballots should be sent concurrently and expeditiously.
- B.** Specifics re: the execution of the ballots and committee activities captured to-date include...
1. Ballot mailing shall include a Self-Addressed Stamped Envelope (SASE). The ballot shall be a separate document/sheet distributed with the *Moccasin Mail* (that is, not just one of the printed pages within the actual *Moccasin Mail* edition).
  2. A "Return by date" should be clearly printed on the ballot. This should be interpreted as the date by which the Election Committee physically has the ballots in-hand.
  3. A defined personal address for the Election Committee Chairman, for the return of the ballots, should be the first approach. If this is not possible for some reason and a Post Office Box is used, it must be in the name of the Election Committee Chairman so that an AMM member is clearly and specifically identified for Postal purposes.
  4. The responsibility of the ballot creation/ mailing process (printing, envelope addressing, stamping, mailing) by the *Moccasin Mail* editor is preferred to mirror the mailing list of the *Moccasin Mail* to reduce risk of error by a new ad-hoc committee taking on that responsibility once every three years.
  5. To assist the Election Committee on sorting and counting ballots, the Brigade of each individual should be included on the pre-addressed mailing address to the Election Committee.
  6. A complete and verified address list (preferably Email if possible) of the AMM Grand Council members should be provided to the Election Committee by the AMM Chief Clerk to enable result reporting concurrently to the Grand Council in an expeditious manner.
  7. If possible, the Election Committee should rotate between the Western and Eastern Territories, every other election cycle.
  8. The Election Committee Chairman should do the final actual count as a check against the final numbers reported by the Election Committee. If there is a discrepancy between the Election Committee count and the check count by the Election Committee Chairman, the Election Committee needs to do a recount to confirm, as the final count used should be that of the overall Election Committee.
  9. The Election Committee should be developed using common sense. That is, no candidate should be on the committee or involved in any manner once the Grand Council approves a committee and no one overtly campaigning for specific

## Updated January 23, 2022

candidates should be on the committee, in an effort to make the Election Committee as apolitical in nature as possible.

10. As voting members are sometimes confused re: who to vote for in particular offices, it is incumbent on the Brigade Booshways to foster communication and clarification to their Brigade members to help alleviate incorrect votes (cross Brigade/cross Territory) from being cast. The Election Committee is given the authority to disregard any incorrect votes (cross Brigade/cross Territory) on a given ballot and shall count only the correct (Brigade/Territory/National offices) votes on that ballot.
- C. In order to assist the committee in ensuring that the ballots are “original and unique” and that the voter is a “member in good standing”, the name of the voter and/or their membership number must appear on the ballot. The committee will make sure that the ballots are counted, sealed, and delivered to the Chief Clerk.
- D. If a Brigade Booshway vacancy occurs in the first two-thirds of the term the impacted Brigade may, at their own expense, hold an election to nominate and elect a new Brigade Booshway. If the Brigade does not wish to hold an election or there is no Hiveranno in the Brigade willing to fill the role, the Grand Council may consolidate the Brigade with a neighboring Brigade in order to provide members with representation. **(Added November 2, 2014)**
  1. In the case of a special election for the Brigade Booshway, the Chief Clerk will work with the Party Booshways in the Brigade, or lacking Party Booshways, will solicit nominations and distribute a ballot to the Brigade, using first class US Mail.
  2. Ballots will be returned, at the individual Brigade members expense, to the Segundo of the territory in which the Brigade resides.
  3. The Segundo will form an Election Committee as outlined in the By-Laws, Article V, Sections D & F to count the returned votes.
  4. The Segundo will communicate the results to the Grand Council, and the Party Booshways of the impacted Brigade, as well as the individual elected as the new Brigade Booshway.

### **ARTICLE XVI. AMM PROPERTY (Amended April 17, 2016)**

- A. Each property should have a separate AMM Parent maintenance fund to help offset upkeep and maintenance, and a separate AMM Working fund.
- B. The AMM maintains the Parent funding account with the main balance of funds, and the assigned land committee will maintain the Working Account that is initially funded from the AMM Parent account, then reimbursed based on provided receipts.
- C. Spending thresholds and property plans shall be reviewed and approved by the AMM Grand Council.
- D. Any effort that is part of a Grand Council approved plan for the site, and under the dollar threshold set by the Grand Council, can be pursued as long as funds are available. Any effort not part of a Grand Council approved plan for the site and/or not under the dollar threshold set by the Grand Council must be approved by the Grand Council before work is done.

**E.** Personal equipment used on AMM property needs to be removed when the owner of the equipment leaves the site. Equipment owners assume the risk of leaving equipment unsecured / unattended on AMM property.

### **ARTICLE XVII - AMM LOGO & EMBLEM**

**(Amended April 17, 2016) (Sections C3, D & E added June 10, 2018)**

**A.** Walt Hayward, AMM Founder and Card #1, provided an overview of the history and use of the AMM Logo & Emblem. The purpose of this Standing Rule is to capture that historical information and help provide direction on the appropriate use of each graphic.

#### **B. AMM Logo (Knife & Horn)**

1. Introduced by Walt Hayward, the first Capitaine of the American Mountain Men, and based upon an illustration that appeared in one of Allan W. Eckert's books.
2. Walt Hayward contacted Allan Eckert to obtain permission to use the powder horn and knife artwork in the American Mountain Men logo. Mr. Eckert agreed that it was okay as long as it was not used for profit.
3. The knife & horn logo is to be used only by members of the Grand Council, national level rendezvous tokens, and on official AMM stationary. It is not to be used by the general membership.

#### **C. AMM Emblem (Pistol & Powder Horn)**

1. Walt McCurdy, a past Capitaine of the American Mountain Men, designed the pistol and powder horn emblem as a possible alternate logo in case conflict arose with the artist who created the knife and powder horn artwork.
2. The emblem is designated for use by the general AMM membership for Party and individual stationary, AMM sale items, and all other non-official AMM business purposes where the official logo is not authorized for use.
3. Emblem artwork without the term "American Mountain Men" attached is approved for use by members without permission.

#### **D. Protocol for AMM Product Approval**

1. Description of the product with a sketch or picture of said proposed item.
2. What is the purpose of the item and what is the benefit to the AMM?
3. Submit a financial disclosure of the proposed item to include the estimated item production cost, item selling price, proportion of the profit revenue to the AMM.
4. Is the item for AMM members only or open to the general public?
5. Item may not use the official logo or motto of the AMM but may use the emblem.

6. Once submitted to the Capitaine for approval, the proposed plan will be presented to the Grand Council and a decision made.

### E. Use of Restricted AMM Items

Use of the AMM Logo, the term “American Mountain Men” and the motto “Aux Aliments de Pays” are controlled by the Standing Rules. The logo is for Grand Council official use only. The emblem has been for use by the general membership. However, since it contains the term “American Mountain Men” it is representative of the organization as a whole and falls under Standing Rules restrictions. The concern is that non-members may acquire items using the emblem and then represent themselves as belonging to the organization. In the past, the emblem has been used by members for window stickers, ball caps, mugs, etc., for commercial purposes without Grand Council approval. In the future, any commercial use of the restricted logos or elements must have the written permission of the Capitaine. Use of the emblem within the organization, i.e., stationary intended for internal organizational use or on websites, etc., is approved so long as it does not cross the line of commercial use and is not made available for non-member use. Emblem artwork without the term “American Mountain Men” attached (see below) is approved for use by non-members without permission.
